Retinal Dysplasia (RD1)

Registered Name: **Bencleuch Breakdance**

Registration Number:

Microchip/Tattoo Number: **981000006339460**

Breed: **English Cocker Spaniel**

This dog is CLEAR of the RD1 mutation.

Authentication code: **AC1890941**

Explanation of terms:

CLEAR (males and females): the dog does not carry the mutation and cannot pass the mutation to any of their offspring. These dogs will be clinically unaffected by this form of retinal dysplasia although we cannot exclude the formal possibility that they might suffer from genetically distinct forms of retinal dysplasia that are not detected by this test.
